## THE ROBERTS PROVEN PROCESS

At RME, we've meticulously crafted a robust solution process that we encourage all departments to adopt.

Whether you're in need of equipment selection, parts, or service, our step-by-step approach covers all aspects—from the initial introduction to comprehensive long-term support. Drawing from **over 150 years of industry-specific expertise**, we've fine-tuned our methods to ensure efficiency and effectiveness. Our streamlined process is designed with our customers in mind, delivering **exceptional results** that consistently meet and exceed expectations. Allow us to guide you through this process, tailoring it to best serve your company and your valued customers. It's exactly what makes us your trusted mechanical room partner!

## OUR WINNING FORMULA

PEOPLE

PROCESS

EXPERIENCE

PARTNERS

**We Help Our Community Of Engineers, Contractors, and Customers to Realize Unquestionable Short and Long-Term Successes in the Mechanical Room Arena. Honest and Smart, Non-Proprietary Approach to Every Opportunity.**

- ◆ Utilize unmatched application experience.
- ◆ Execute solutions based on transparent and viable choices.
- ◆ Through clarity and impeccable coordination, meet not only your customer's expectations but your own.
- ◆ Enjoy the benefits of support as a long-term boost to both trust and reputation.
- ◆ Quality equipment can only be provided through long-term, loyal, and supportive manufacturer relationships.
- ◆ We work with partners willing to hold THEMSELVES responsible for their presented solutions.
- ◆ Solution driven designs out-perform the price driven proposal EVERY TIME!
- ◆ Apply 'best application' solutions that only a diversified and non-proprietary line card can offer.
